Tapi... ada yang tidak beres di balik layar.
But... there's something wrong behind the scenes.

💔 02. KENALAN DENGAN MINH | MEET MINH

"Tôi phải làm việc nhiều giờ để có thể sống" - I have to work many hours just to survive.

Minh, 24 tahun, bekerja di pabrik garmen Ho Chi Minh City.

Minh, 24 years old, works at a garment factory in Ho Chi Minh City.

Sehari-harinya | Her Daily Life:

🕒 Bangun jam 5 pagi, pulang jam 10 malam | Wake up at 5 AM, go home at 10 PM

🚫 Berdiri 12-16 jam tanpa istirahat cukup | Standing 12-16 hours with insufficient breaks

💰 Gaji: >2x minimum wage (~\$150-180/bulan) | Salary: >2x minimum wage (~\$150-180/month)

Kedengarannya oke? TIDAK.

Sounds okay? NO.

Setelah bayar: | After paying for:

- Sewa kamar kecil | Small room rent
- Makanan 3x sehari | 3 meals a day
- Transportasi | Transportation

Sisa uangnya? Hampir nol. Tidak ada untuk healthcare, pendidikan anak, atau tabungan darurat.

Money left? Almost zero. Nothing for healthcare, children's education, or emergency savings.

Maka Minh TERPAKSA kerja overtime 50+ jam/bulan. Bukan pilihan. Keharusan.

So Minh is FORCED to work 50+ hours overtime/month. Not a choice. A necessity.
